17. FIREWORKS 2018

The Business Development and Contracts Manager updated Cllrs on plans for a Fireworks Display in 2018.

It is proposed that the Fireworks Display for 2018 is held on Sunday 4 November at Old Hall Playing Field.

Fireworks display had been switched to Old Hall Field in 2017. While the event was successful there had been some issues on the night. A debrief had been held on 27th November 2017. Main issue was crowd control and safety.

A Bonfire Working Group had been set up including Cllrs. Group had met 3 times. Latest meeting, on 16th May, included a site visit with Merseyside Police. The Police are content for the display to go ahead at Old Hall Field.

To improve crowd safety for the 2018 event the proposal is to have a "soft start" with entertainment provided to encourage earlier arrival. This would increase costs. The Firework Display is the only event Maghull Town Council charge an entrance fee. The costs are based on the anticipated income generated. Estimated income is £5,000 based on the £4,000 raised in 2017.

Costs as follows:

- Option 1 - £4,360
- Option 2 - £1,392

The difference in cost is for a stage and entertainment. The PA system and stage was not adequate in 2017 for public safety. PA costs were not included in both options at request of Community Support and Engagement Committee.

Maghull Town Council must produce an Operational Plan and Emergency Plan to be submitted to and approved by Sefton's Event Safety Advisory Group (SESAG). The next meeting of SESAG is in May 2018; and therefore agreement on location, proposals and preferred option is required as a priority.

Key points made by Cllrs:

- Significant difference in costs between the two options
- Even if entertainment offered may have to lock out people who arrive late which means the soft start is futile
- No entertainment in past, it is a fireworks display. Costs high for a firework display. Go back to fireworks only and hold event at Whinneybrook

- Comments from Community Support and Engagement Committee not reflected in plans. Costs not included for
 - toilets
 - stewardship training
- This is the major council event and brings in income
- Popular event
- Sell tickets in advance/make ticket only and offer a discount. Noted that there may be administrative costs
- Consider options for Old Hall Field and Whinneybrook
- Consider cheaper entertainment
- Major issue is about running a safe event. Concerns about how event unfolded in 2017. Important that event is safe or don't hold
- One of the roles of the Council is to put on events for the people of Maghull. Some issues at Whinneybrook with ground but crowds managed more effectively. Why do we need to close 3 roads?
- Not happy to hold at Old Hall Field with narrow entrance. People leaving as didn't feel safe
- Event got too big
- PA system very poor. Poor communication on site.

In response Officers made the following points

- Safety is the major concern
- If no entertainment then concerns about getting people safely onto site
- Don't know impact of entertainment or a gate closing time on early arrival.
- Drainage and security is an issue at Whinneybrook
 - if catering vehicles get stuck Council does not have tractor to help move;
 - reduced height of hedges which means securing boundary an issue
- Maximum capacity on Old Hall Field is 16,500. Encouraged to reduce capacity by Police to a maximum of 8,000. Seeking advice from Merseyside Fire and Rescue Service. 3 lane cordon proposed to help manage crowds
- Too few stewards. Only 7 out of 16 Cllrs attended to support the event.

Additional comments from Cllrs

- MTC here to serve Maghull Public. No alternative displays.
- Accept issues with ground at Whinneybrook. Did provide entertainment at event in Whinneybrook but people didn't come early.
- By adding entertainment attracting more people
- Alcohol an issue at Old Hall Field. Also drinks in glasses on site and sparklers sold
- Consider cricket pitch at Poppy Fields
- Entrance an issue at Old Hall Field. Safer at Whinneybrook
- Start event earlier eg 5pm for 6pm display
- Safety is critical. If unsafe then don't hold event
- Use Budget for entertainment to get professional stewards
- The following are required:
 - good PA/communication on site
 - trained stewards
 - better lighting

Additional comments from officers:

- Police not keen on Whinney Brook. running risk of no event if can't hold a safe event

- Two way radios to be provided for stewards
- Stewards to receive training
- Lighting at entrance and cordons will improve safety
- Alcohol a unique factor at Old Hall Field. Maghull Cricket Club ran out of plastic glasses
- Learnt from 2017. Working with Police and Merseyside Fire and Rescue Service to improve safety
- Toilet provision to be added as missing from report

It was RESOLVED that

- 1. A further report to be presented, at the earliest opportunity, comparing the sites of Old Hall Playing Field and Whinneybrook Playing Field in terms of location, safety, logistics and costs for staging the event;**
- 2. The report be noted**

18. NEIGHBOURHOOD PLAN

The Chief Executive reported that the Neighbourhood Plan had been submitted to Sefton. Sefton will appoint an independent examiner to review the plan. The selection of the independent examiner requires the agreement of the Town Council. It was proposed that this be delegated to the Chief Executive in consultation with the Leader and Deputy Leader. Sefton MBC would be asked to provide a timetable.

Cllrs noted misinformation about the Neighbourhood Plan. Once approved it would help prevent over development in Maghull.

RESOLVED that:

- 1. Approval of an Independent Examiner for the Neighbourhood Plan be delegated to the Chief Executive in consultation with the Leader and Deputy Leader**
- 2. The report be noted.**

19. LEASEHOLD TRANSFER OF OLD HALL PARK AND BOBBY'S WOOD

The Business Development and Contracts Manager gave an update on discussions with Sefton about the leasehold transfer of Old Hall Park and Bobby's Wood. The parks have been designated "other sites" by Sefton and therefore maintained to a lower standard than "main parks". Approval is sought for 10 years leasehold transfers for 1 April 2018 – 31 March 2028. Maghull would receive three tapered payments of £22,885 in total. Acquiring the additional sites would increase the Facilities Team expenditure. Maghull Town Council would meet all costs from year 4. Lead member at Sefton has agreed the transfer and a lease has been drawn up. A S123 disposal notice would have to be published.

Key points raised by Cllrs

- Safeguards parks and protects against development
- Could use Bobbys Wood as a community garden.
- Positive feedback on maintenance at Old Hall Park
- Concerns that a lease not freehold

RESOLVED that:

1. **Approved in principle a 10 year leasehold transfer of Old Hall Park and Bobby's Wood from Sefton Council to Maghull Town Council with effect from 1st April 2018 to 31st March 2028;**
2. **Approved in principle the acquisition of grounds maintenance responsibility for Old Hall Park and Bobby's Wood, between 1st April 2018 and 31st March 2028.**
3. **Approved in principle a three-year payment schedule from Sefton Council to Maghull Town Council;**
4. **The report be noted.**

20. LOCAL COUNCIL AWARD SCHEME

The Chief Executive reported that the Council was ready to apply for the Local Council Award Scheme foundation level. This reflected the progress made by the council on its journey of improvement. The aim was to apply for quality standard in 6-7 months.

Key points made by Cllrs

- Thanks to Chief Executive for work to improve standards
- Application reflects progress made by the Council

RESOLVED that:

1. **The requirements for the Foundation Level award have been met;**
2. **The report be noted.**

21. DAVE HUGHES UPDATE ON VISIT TO HEIDELBERG

RESOLVED that:

1. **Request for a letter from the Mayor of Maghull to the people of Heidelberg be approved;**

Cllr Carragher informed colleagues of 2 forthcoming peaceful demonstrations

- Saturday 19th May at 2pm: Save Gaza

Details to be circulated.

RESOLVED that the update be noted.

23. CHAIR'S REPORT

The Mayor reported that her charity for the forthcoming year would be Sefton Children's Trust. They were a small charity set up by foster carers and were supporting some of the most vulnerable and disadvantaged children in Sefton. Children supported for 3 years to give them continuity of support. The Mayor invited Cllr June Burns, previous Mayor, to say a few words.

Cllr Burns reflected on her 2 years as Mayor of Maghull. She thanked Cllr Josh Burns for his support as Consort. She was proud to watch him grow into his role. Last official visit was to the Concorde museum in Manchester with a group of residents from Athena Healthcare homes. Met some lovely people over the 2 years and made friends for life.

RESOLVED that the reports be noted.

24. EXCLUSION OF THE PRESS AND PUBLIC

RESOLVED that the press and public be excluded due to the confidential nature of the items under discussion.

25. PROPOSED NEW LEASE ARRANGEMENTS FOR BOWLING GREEN PAVILLION

The Chief Executive reported that approval was sought to rent the top bowling pavilion to Scrummies, a local Maghull business, to expand their outside catering service. They had approached the council as they had not been able to secure other local premises. The bowlers were happy with the proposals as facilities will be upgraded. Proposed rent is £4,000 per year. Scrummies would be responsible for food hygiene.

Points raised by Cllrs in discussion:

- Costs for refurbishment seem very cheap
- Need to consider impacts if more bowling clubs use the pavilion
- Concern that cost for refurbishment to be met by Town Council as rent will be reduced in year 1
- Concerns about food hygiene and contamination.
- Space in other MTC buildings to be reviewed

RESOLVED that:

1. **Leasehold agreement be approved in principle**
2. **Plans for refurbishment of "top" bowls pavilion in KGV field, to be paid by Scrummies, be approved**
3. **The report be noted.**

The supplier has offered support on additional aspects of audit including tightening up controls. Audit and Governance Committee recommended a contract for 1 year with an option to extend for another 3 years.

RESOLVED that:

1. **Quote 1 be accepted for 1 year with an option to extend for another 3 years**
2. **The report be noted.**

Reasons for Recommendation(s)

1. On 22nd May 2018, Maghull Town Council's Chief Executive and Operations Manager met with Insp. Alternative Options Considered and Rejected

1. In light of the recommendation of Insp. Jones, Whinneybrook Playing Field has been considered and rejected.

1. Background

At a meeting of Annual Council on 16th May 2018; Members received a report regarding proposals and costs for staging Maghull Town Council’s 2018 Bonfire Event.

The recommendations put forward by officers were not accepted at this meeting; with Members resolving to receive a further report (at the earliest opportunity) comparing the sites of Old Hall Playing Field and Whinneybrook Playing Field in terms of location safety, logistics and costs for staging the event.

On 22nd May 2018, Maghull Town Council’s Chief Executive and Contracts, Operations and Business Development Manager met with Insp. Ian Jones of Merseyside Police; to review proposals for both locations. Insp. Jones is a bronze commander within Merseyside Police; and has considerable

experience regarding event planning and crowd safety. The comments, concerns and recommendations of Insp. Jones have been incorporated into this report.

2. Comparison of Locations

Although two locations require comparison, three options and costs must be considered:-

Option One: Old Hall Playing Field

Option Two: Whinneybrook Playing Field (with food, drink and entertainment stalls sited)

Option Three: Whinneybrook Playing Field (without food, drink and entertainment stalls sited)

Options Two and Three take into consideration the siting/non-siting of food, drink and entertainment on Eastway; and the impact that this would have with regards to spectator capacity and crowd flow. This is important as the of Eastway (where it is proposed that food, drink and entertainment stalls would be sited) is 11m wide, with numerous obstructions including highway kerbs, grass verges and hedges forming the perimeter of Glenn Park.

*Capacity calculated on the basis of 9m² per person. This figure far exceeds guidance from Department for Communities and Local Government, and Merseyside Fire and Rescue which quotes a density figure of 0.3m² per person for standing audiences. Capacity at both sites can therefore be substantially higher than figure quoted.

Summary of Locations	
<p>Option One: Old Hall Playing Field</p> <p>Layout: Old Hall Playing Field has a considerable viewing area totalling 16,118m², and includes a hard standing of almost 100m for the siting of food, drink and entertainment stalls.</p> <p>At the proposed location for siting food, drink and entertainment stalls, no obstruction to spectators exists for 160m (distance from stall to firing zone cordon).</p> <p>The hard-standing will not be used by spectators to view the display through a combination of siting, fencing and marshalling. Instead all spectators will observe from playing field.</p>	<p>Option Two: Whinneybrook Playing Field (with siting)</p> <p>Layout: (assumes Eastway is used for viewing) Whinneybrook Playing Field has a total viewing area of 1,870m² with a potential overspill onto field of 5,100m². Merseyside Police have however expressed concerns that spectators will stand on road as opposed to standing in field in light of food, drink and entertainment stalls being sited on Eastway; and hedges at site being cut down to a height of 4ft.</p> <p>A distance of 11m will exist from the siting of food, drink and entertainment stalls to the first obstacle (hedges forming perimeter of Glenn Park). Merseyside Police believes this small distance will lead to significant queuing problems, affecting crowd flow. Frustration and/or confrontation may also be caused.</p> <p>Merseyside Police have expressed significant concerns regarding ASB – notably Glenn Park; which as in previous years, will provide an opportunity for fireworks to be discharged into spectators. There will be a requirement to steward both sites.</p>
<p>Access and Egress Points: Entry to site will be via two access points.</p> <p>The first (and main) access point, will be via a 3 lane coned cordon running the length of Hall Lane to entry. Total distance of this cordon will be 200m. This cordon will accommodate spectators walking over swing bridge, and those wanting to gain entry from the Alscot Close end of cordon.</p> <p>The second access point will be via canal towpath, near St. Andrews Church.</p> <p>In the event of an emergency, both access points will act as points of egress, with spectators being diverted towards St Andrew's Church or Hall Lane (both via canal tow path)</p> <p>All access and egress points will be lit with generator powered lights.</p>	<p>Access and Egress Points: Entry to site will be via two access points.</p> <p>The first (and main) access point will be via a 3 lane coned cordon running from Deyes Lane and Eastway/Deyes Lane junction, to the payment point adjacent Whinneybrook Playing Field. The total distance of this cordon will be 71m.</p> <p>The second access point will be via a 3 lane coned cordon Foxhouse Lane and Eastway Junction, to payment point at top end of playing field. The total distance of this cordon will be 50m.</p> <p>In the event of an emergency, both access points will act as points of egress.</p> <p>All access and egress points will be lit with generator powered lights.</p>

<p>Merseyside Police is satisfied that points of access and egress will adequately deal with anticipated number of spectators based on 2017/18. There is also endorsement of the proposed cordon on Hall Lane to main entrance point, to facilitate single-file entry to site.</p>	<p>Merseyside Police has concerns that the first access point is insufficient in length to deal with anticipated numbers, and despite lanes within the cordon, will result in significant queuing onto Deyes Lane and Eastway (Not currently subject to road closure). This cordon will require significant stewarding – particularly at the point of payment.</p>
<p>Security and Stewarding: From a policing perspective, Merseyside Police endorses the use of Old Hall Playing Field with the rationale that once inside site, spectators are contained; and the site becomes easier to police.</p> <p>Police colleagues have identified one area where ASB incidents may occur i.e. fireworks being thrown into site, however this can be negated with the siting of stewards.</p>	<p>Security and Stewarding: From a policing perspective, Merseyside Police has concerns about staging an event with an ASB-hotspot area (based on previous years). The proximity of Whinneybrook Playing Field and Glenn Park makes it difficult to police both sites at the same time, will provide opportunity for ASB to occur or worse still, for fireworks to be discharged into spectators (as in previous years). The site and neighbouring Glenn Park is less secure in comparison to Old Hall Playing Field. Merseyside Police has recommended installing fencing to run along the perimeter of Glenn Park (at hedge line) to reduce risk of people causing gaining entry to Eastway without payment. Fencing would also make it easier to police Glenn Park.</p>
<p>Parking and Road Closures One road closure will be in effect on Hall Lane with a proposed start time of 3:30pm. Merseyside Police and Sefton Council have advised officers to contact affected residents as soon as possible, and to work with residents in the build up to the event.</p>	<p>Parking and Road Closures Two road closures will be in effect on Eastway at the junction of Deyes Lane and Eastway, and Haymans Green (times to be confirmed). Officers will be required to work with affected residents on Haymans Green. In light of concerns raised by Merseyside Police regarding queuing in the cordon for the first access point, it may be necessary to consider road closures on Deyes Lane and Eastway also.</p>
<p>Emergency Vehicle Access In the event of an emergency, access to site will be via main entrance point on Hall Lane. In such circumstances, stewards will stop spectators seeking to gain entry, and remove the coned cordon.</p>	<p>Emergency Vehicle Access In the event of an emergency, access to site will be via both access points on Eastway. Stewards will be required to escort the vehicle through crowd on Eastway in light of road width of 11m, with likely displacement onto field being required.</p>
<p>Payment Methods for Spectators Merseyside Police have expressed concerns regarding a proposed ticket only or combined ticket-payment system. The introduction of ticketing would add an extra dimension for</p>	<p>Payment Methods for Spectators As per Old Hall Playing Field.</p>

<p>policing, would open up the possibility of forgery and could place stewards in a confrontational situation in the event of spectators being challenged / turned away. A ticketing system may also slow down entry to site.</p> <p>Merseyside Police have recommended cash payment only for this event.</p>	
<p>Food, Drink and Entertainment Merseyside Police have endorsed the use of food, drink and entertainment – not only to manage the expectations of spectators (it is acknowledged that Bonfire Event is popular and successful with residents and spectators), but also to support spectators getting on site early, and to avoid potential frustration at waiting for the display to start.</p> <p>A soft start, by providing entertainment would help ensure spectators get to site in a timely manner.</p>	<p>Food, Drink and Entertainment Merseyside Police welcome the use and siting of food, drink and entertainment to support the event. However, with a distance of only 11m from where stalls will be sited to a significant obstacle (hedges in Glenn Park) this is likely to result in significant queuing – thereby affecting crowd flow; and potentially leading to frustration/confrontation between spectators.</p> <p>A soft start, by providing entertainment would ensure spectators get to site in a timely manner.</p>

**This expenditure is likely to increase if further road closures for Eastway and Deyes Lane are required.

4. Sefton Event Safety Advisory Group (SESAG)

To support this event, Maghull Town Council must produce an Operational Plan and Emergency Plan to be submitted to and approved by Sefton's Event Safety Advisory Group (SESAG). This group is attended by statutory and non-statutory partners; and reviews plans for events likely to be attended by over 2000 people.

The next meeting of SESAG is in July 2018; and therefore agreement on location, proposals and preferred option is required as a priority.
